

## CLEAN. RELIABLE.

Whether you're powering film sets, farmers' markets, special events, RVs, or construction sites, the MovieQuiet ECO6 will quickly become an indispensable piece of your power arsenal. Built to Valid's rigorous standards, the MovieQuiet ECO6 is a rugged piece of equipment that provides quiet, green power. Removable flat-free wheels can be replaced with multiple cart options to handle rough or uneven terrain, and the sturdy powder coated enclosure is 3R rated for weather resistance. A 6-kWh lithium-ion battery provides virtually silent power that is easily rechargeable – just plug it in. The cart can be fully charged in as little as three hours. Output connectors include two 20A hospital-grade receptacles, one 30A hospital grade twist lock, and four USB charge ports.

## SPECIFICATIONS

Nominal capacity	8.3 kWh
Usable capacity	6.6 kWh
Operating temperature	-20°C to +50°C -30°C to +50°C (w/ heater)
Dimensions	28.2" L x 20" W x 27" H
Weight	275 lb - 125 kg

## DISTRIBUTION PANEL

- 2x 20A 120VAC hospital grade receptacles
- 1x 30A 120VAC hospital grade twist lock
- 4x USB (5A @ 5V)
- 1x Charge input - 50A 120VAC twist lock inlet

## OUTPUT

Nominal AC voltage	120VAC +/-5%
Frequency	60 +/-0.1Hz
5 sec surge power	8500W
Continuous rated power	4000W
Continuous current	32AAC
Waveform	Pure sine wave THD < 5%

## FEATURES

- High/low temperature protection
- Overcharge/over discharge protection
- Resettable output breakers
- IP64 connectors
- 3R weather-resistant enclosure
- Multiple wheel or cart options & forklift pockets
- < 3 hour charge time
- Battery heater for full capacity operation down to -20°C, discharge to -30°C
- Local area wireless monitoring, web-based remote monitoring
