VersaMist Portable Low Pressure Misting Fans

PVM18, PVM18C

The VersaMist® reduces air temperature by as much as 30°F. Low pressure mist technology combines fine mist and high speed air movement for highly effective “person” cooling indoors and outdoors. The 18”, UL507 rated, 3-speed fan provides up to seven hours of use and is ergonomically designed for portability. The VersaMist is ideal for cooling work areas, rehabilitation stations, outdoor events, emergency workers, patios, and sidelines.

Features and Benefits:

Produces up to 2600 cfm of cooling breeze

Available with or without wheels

Wheeled version has integrated handle and wheels for easy movement

10 or 14 gallon built in water reservoir for portability

Adjustable fan head for targeted cooling

Rapid mist evaporation produces 16,000 BTU/hour (1.4 tons) of cooling

Pump and fan assembly separates from the reservoir for quick and effortless set up, cleaning and storage

Integral tip switch to turn power off if unit is knocked over

25 foot outdoor rated power cord with integrated GFCI plug for use in standard wall outlet

UL507 rated for outdoor use

Two year warranty

Assembled in the USA
